Aichi Sangyo University Okazaki Campus Archery Ranges

The campus is located on a hill that overlooks Okazaki City and the archery ranges are authorized to be used for official games. In the campus, there is a training room, a conference room, and a running track.

Indoor Training Arena

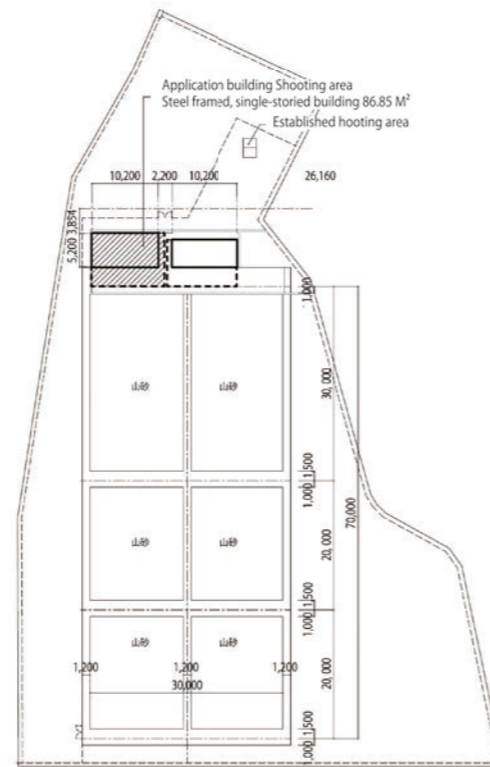

length 24m, width 15m. Ceiling height : 12.75m. 6 targets can be set. Practice is available under any weather conditions.

Outdoor Archery Ranges

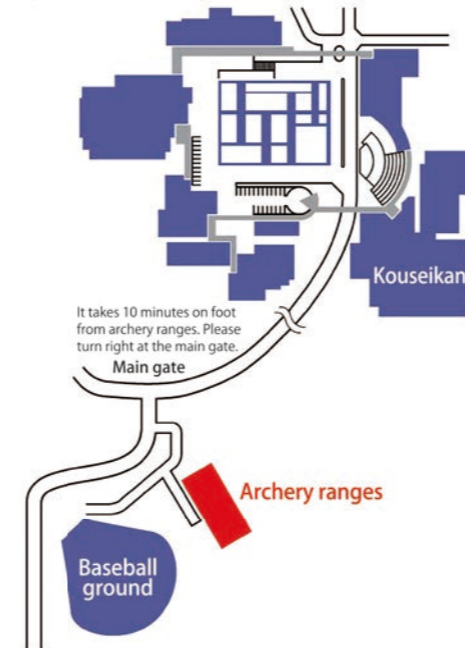

They are available for official games. Length 100m, width 30m. 12 targets can be set. Surrounded by rich nature, the environment is organized for athletes to be able to concentrate.

Night Time Lighting

Kouseikan (Gymnasium)

It takes 3 minutes by car from the archery ranges. (10 minutes on foot)

Main arena
Official games like Tokai Students Indoor Archery Championship will be held.

Running track
One lap is 200m. It is the best place for a rainy day.

Training room
Equipped with treadmills and machines to work out.

Conference room
The room is next to the training room and available for all kinds of meetings and lectures.

Because the Archery ranges in Aichi Sangyo University are located in an isolated area which has less noise from the surroundings and has night time lighting, it will be helpful for every athlete to adjust their condition and get ready for the game.

TERUO SHINKAI Professor in Faculty of Business Administration/ General Manager in All Japan Archery Federation
